This years service will be hosted by the Suffield Fire Department. The service will be held at The Second Baptist Church, 100 North Main Street - Rte. 75, Suffield CT.06078. Parking is available directly behind the church. Marchers may also park behind the church and are asked to arrive no later than 4:45PM for assembly. Refreshments will be served after the service. Those attending are asked to respond to Chief Tom Bellmore at [tbellmore@suffieldtownhall.com](mailto:tbellmore@suffieldtownhall.com) to ensure proper headcount for refreshments.

If you have had any members of your department pass away in the past year, please forward their names to Chet Haber at [chesterhaber@sbcglobal.net](mailto:chesterhaber@sbcglobal.net), or to [secretary@hcfep.org](mailto:secretary@hcfep.org) so that they may be remembered at this years service. ## Chaplain's Corner

### Does Your Department Have Chaplain?

Whether your department is paid or volunteer, there are some very good reasons to consider having a chaplain. Here are a handful of ways that a Fire Chaplain can help your department:

- 1. Funerals and Memorial Services.** A chaplain can support the department staff by helping to plan, organize and lead these services. A chaplain can also provide emotional and spiritual support to grieving families and department members.
- 2. Care.** A chaplain can help your department care for and support injured and/or ill (active and retired) department members. They can provide hospital visits, cards, and phone calls to the member, their families and keep the department up to date on these situations.
- 3. Special Events.** Often at special events within departments such as dinners, dedications, meetings etc. there is a need for someone to say a short prayer such as an invocation, a blessing on a meal, or a benediction. Chaplains can provide guidance to members on what to say or can participate in these events themselves.
- 4. Adding the Human Element.** At an incident or at the firehouse, firefighters are called upon to lay aside their personal concerns and issues to get a job done. Yet sometimes what is happening at home or what happens at an incident needs to be discussed with someone who will listen and bring perspective or simply be a sounding board. Chaplains can also add the "human touch" at an incident by sitting with the victim(s) and their families to help them begin to process what has happened and discuss next steps.

**If your department does not have a chaplain and is in need of one in an emergency or would like help locating one. Please feel free to contact me by phone at 860-978-2361 or by email at [chaplain@hcfep.org](mailto:chaplain@hcfep.org).**
